<p><b>1. PROBLEM STATEMENT</b></p> <p>The Arroyo Grande Police Department has a Traffic Safety Unit responsible for the enforcement of traffic laws, including DUI investigation, and the investigation of traffic crashes in our city. This Traffic Records Improvement Project (TRIP) grant will significantly help our Traffic Safety program with more efficient reporting, and better data analysis of crashes and causes of crashes within the city, to better target enforcement and prevention efforts.</p> <p>The city of Arroyo Grande has a population of approximately 18,000 residents and consists of nearly 6 square miles. However, the city experiences a significant increase in daily population and traffic due to employment, business and service providers located within Arroyo Grande. Additionally, our service population is also impacted but the cities immediately adjacent to ours, making up the “Five Cities” area. The larger Five Cities area population is approximately 45,000 residents, not including the tourist population, which is estimated at approximately 35,000 per year. Because of our location, situated half-way between Los Angeles and San Francisco, directly west of Bakersfield, we experience significant increases in traffic, pedestrian and alcohol related incidents due to our proximity to the beach and the Oceano Dunes Vehicular recreation area. In addition, the City of Arroyo Grande hosts the only public high school in the Five Cities area, servicing over 2000 high school students daily. This causes an increase in the number of inexperienced drivers on the road as well as bicyclists and pedestrians. With the resident, student and transient tourist populations impacting our total service population, we have seen increases in traffic collisions and traffic incidents over the last several years.</p> <p>The City of Arroyo Grande business community provides full services including gasoline sales, hotels and restaurants. The Highway 101 is a main artery which is routed through the center of the City used for access by those utilizing the City’s services.</p> <p>The Arroyo Grande Police Department currently uses an outdated records management system for traffic crash reporting. Under the current system, no traffic crash data analysis can be performed, requiring the manual counting of injury/fatal collisions, as well as other required reportable crashes.</p> <p>The TRIP grant affords our Department the opportunity to purchase a complete electronic citation system and provide a much needed update to our electronic crash database in order to submit electronic data to the CHP SWITRS program.</p>	
<p><b>2. PERFORMANCE MEASURES</b></p> <p><b>A. Goals:</b></p> <ol style="list-style-type: none"> <li>1. Reduce the number of persons killed in traffic crashes.</li> <li>2. Reduce the number of persons injured in traffic crashes.</li> </ol>	
<p><b>B. Objectives:</b></p> <ol style="list-style-type: none"> <li>1. Purchase a new electronic crash reporting program or upgrade an existing electronic crash reporting program to the latest version available that includes the capability of exporting complete crash report records to a departmental records management system (RMS) and the California Highway Patrol’s Statewide Integrated Traffic Records System (SWITRS).</li> </ol>	<p><b>Target Number</b> 1</p>
<ol style="list-style-type: none"> <li>2. Purchase and implement a new complete electronic citation solution that includes the capability of exporting data to both a departmental records management system (RMS) as well as the local court records system if and when the local court can receive electronic citation data.</li> </ol>	<p>1</p>
<p><b>3. METHOD OF PROCEDURE</b></p> <p><b>A. <u>Phase 1 – Program Preparation</u> (1<sup>st</sup> Quarter of Grant Year)</b></p> <ul style="list-style-type: none"> <li>• Determine specific system requirements.</li> <li>• Determine specific equipment requirements.</li> <li>• Request vendor price quotation per host agency requirements.</li> </ul>

### Instructions for Primary Tier Participant Certification (States)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.

The terms *covered transaction*, *civil judgment*, *debarment*, *suspension*, *ineligible*, *participant*, *person*, *principal*, and *voluntarily excluded*, as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

**BUY AMERICA ACT**

**(applies to all subrecipients as well as States)**

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

**PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE**
