(a) Multifamily includes duplex, triplex, apartments, and condominiums

(b) For meter sizes larger than shown, connection fee determined based on the ratio of the maximum safe operating capacity of the meter to that of a 5/8 inch meter.

The connection fees shall be increased each year with the annual percentage increase of the annual average ENR Construction Cost Index as established in the Engineering News Record publication.

Adjustment Formula:

Adjusted Fee = (Current Fee) x (Current Year ENR index) / (Prior Year ENR index)

Adjusted Fee = (Current Fee) x (12,133) / (13007)
