To the Arroyo Grande City Council,

At Dignity Health, we recognize the critical intersection between housing and health. We also acknowledge the work that the City of Arroyo Grande has done to address the homeless crisis. We see homelessness as a priority within the health system and will continue to collaborate with our homeless service providers and municipalities to help address the needs of our unhoused community members. Resources, particularly for those who are aging or medically fragile, are extremely limited in our community. We continue to partner with local organizations to find solutions, and knowing this can best be resolved when everyone comes together, we ask the City Council to continue to be an active partner in this effort.

Thank you for taking the time to consider my input.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ken R. Dalebout".
