Subject: Tonight's meeting

Dear Council members,

Please prioritize the programs and special events of the Recreation Dept. when making budget decisions.

These programs engage everyone in the community from preschoolers to seniors, and provide a channel for community members to enjoy wholesome and healthy activities and social interactions.

Special events like the Easter egg hunt, Halloween carnival, turkey trot, parents' night out, senior dance, etc are part of what make Arroyo Grande unique, give it character, and promote it's notable sense of community. They are what make our city so special.

Thank you for your service.

Sincerely,

Myrna Vickery
